School Board Race Drops To Four

The battle for two trustee posts on the Grayling Board of Education on June 11, dropped to four after the withdrawal of two prospective candidates.

County Clerk Leo E. Lovely, Lewis Stiffman, an employee of the Michigan Liquor Control Commission, dropped out of the race after taking out papers to circulate for signatures to later file to run for the posts.

The reasons both decided to withdraw were identical, due to possibility of incompatibility with their present positions and the concurrent role as a school board trustee.

His leaves incumbent LeRoy H. Bishop of Beaver Creek, Mattie Bishop of Grayling and Russell Bruce of Grayling, and Dr. E. E. Henig, school board president, who presented pins to the group, Earl Gierke and Frank Bond. All received recognition for 25 years of service with the exception of Miss Douglas and Mr. Kumpula who have taught 30 years or more and Mrs. Edson 35 years.

WHY WE NEED A "YES" VOTE

For the past four weeks you have been reading articles in the Avalanche about the coming school election June 11th and the need for you to vote 5 mills for operating your school next year.

We will try to summarize the four articles and again explain why we need a yes vote on June 11th.

1. Last year (1961) you paid 9 mills for operation and 7 mills for debt retirement for a total of 16 mills.
2. This year (1962) there will be no debt retirement millage as the gym is paid for.
3. Four of the 9 mills for operation were voted extra 5 years ago for a period of 5 years and ran out in 1961.
4. As of right now the only taxes for school purposes are 5 mills allocated by the allocation board.
5. Five mills are NOT enough to operate your school.
6. A state says you MUST raise 9 mills.
7. You have been raising 9 c. With the increased enrollment we need one more mill than we had last year. One mill on a \$1,000,000 property valuation is \$1,000.

Next year we are joining with Roscommon and Houghton Lake to hire a Speech Connectionist to work with all three schools.

We have enrolled in the T.V. courses from Central Michigan University.

We wish to replace bus No. 4, which is 7 years old, with a new one.

With the increased enrollment (840 estimate) we need more equipment and more space.

We can not go backward but must strive to do a better job of educating our children.

A 5 mill vote will increase your school operating tax 1 mill and still LOWER the total school tax 6 mills or \$6.00 per thousand valuation.

We need your support. Please vote "YES" on June 11th, in order that your school may have enough money to give your children the education they should have.

TO OFFER LESSONS AT COUNTRY CLUB

Arrangements have been made by the Grayling Country Club for Bill Wallace, pro at the Gaylord Country Club to offer golf lessons one-half day each week at Grayling. Starting on June 12th, Wallace will be at the Grayling course each Tuesday morning.

Those interested in lessons should sign up at the Grayling Country Club house as soon as possible. Private and individual lessons will be \$5 per half hour. If a group of 10 or more can be signed up, the cost would drop to \$2 per half hour per person. In addition to the group lesson, some individual attention would be given too.

Two Midland Men Purchase Golf Course

Announcement was made this week by Pat Ross and Cliff Baringer that they have purchased the Higgins Lake Golf Club from Mr. and Mrs. Tommy Shannon.

"The course is now open for the season, daily from daylight to sunset," said the new owners.

"We are interested in encouraging and forming local leagues and inviting the local people to stop in and get acquainted," they added.

Both young men have had considerable experience in the golfing field. Mr. Ross having operated a golf course in Midland for the past eight years and Mr. Baringer, in the clothing business in Midland, is also well known in golfing circles. The two men have been in the area for some time.

Mr. Ross has four children and Mr. and Mrs. Baringer have three.

"We have plans for expansion and improvements for the Club house and course," they said. "We look forward to many happy years before deciding on the Roscommon location," Mr. Ross said.

Animal Land Zoo Re-Opens

Animal Land, Michigan's largest privately owned zoological park located 7 miles north of Grayling on old US-27 now open for the season, it has been announced.

All of the Michigan animals and others from throughout the world that were at the park last year are on display. The zoo has added 11 new species for this year.

Among the new wildlife which will be on display are: monkey faced owls, honey bears, African lions, Canadian lynx, crocodiles, woolly monkey, pig-tailed monkey, Java monkey, grancas, kangaroo and a ground hog.

The park has set aside the week of June 8 through 14 as Crawford County Week. All residents children will be admitted to the zoo for just half price during this week. The policy of children under six being admitted free will remain the same.

The zoo also operates an animal land of Florida. This zoological park is operated on a year around basis and due to this fact, many animals can be imported from Florida to the park.

All animals are enclosed and visitors are urged to observe the animals but are urged to observe the signs on what some animals should not be fed. There are over three acres of garden, animals and stream displays and visitors are welcome to take pictures.

Ross Stevens Announces Candidacy For Renomination

State Representative Ross O. Stevens, Atlanta, announced today his intention of running for re-nomination for State Representative from the 1st District on the Republican ticket.

Stevens, who has completed his first term in the House of Representatives, has served on the committees of Educational Institutions, of which he is chairman, Fish and Fisheries, Roads and Bridges, State Prisons, Tuberculosis Hospital, and Tourist Industry Relations.

Stevens is a member of the Atlanta Lions Club, Atlanta Chamber of Commerce, and is a member of the Georgia Athletic Association, Sportsman's Club. He is one legislator who can stand on his record of honesty, integrity, and hard work.

"My voting and attendance record is a platform it is available to all," said Rep. Stevens. "I have voted my convictions and have constantly opposed waste and inefficiency, believing this is the time to be playing with the taxpayers' dollars."

Rep. Stevens stated, "I intend to conduct my campaign on issues of real interest to the voters relating to the office of State Representative and not on personalities. Holding no other public office, I shall continue as a dedicated public servant, to give my full attention to the office which I have taken the oath to uphold, ever mindful of the faith, trust and confidence that has been imposed in me."

"I have felt it an honor to serve my state and the people in my district, and would appreciate their continued support," Rep. Stevens said.

Girl Scout News TROOP THREE

May 24, 1962

The president, Mary Lee Marshall, opened the meeting with the Girl Scout Promise. Mary Bobenmeyer took roll call and Nancy Brown took dues. The secretary, Jean Sheehy was absent, so Mary Kay Duley took the minutes. Troop 3 is planning a cookout June 6th at our leader's home, Mrs. Bishaw's home. There were 11 girls and 1 leader present. June 6 will be our last meeting. We discussed badges and suggested ideas for the menu at the cookout. Nancy Brown treated us to finger food. We closed the meeting with friendship circle and "Taps".

Mary Kay Duley, sub sec'y.

Home Extension News BUDGETEERS

The group met at the Grayling Twp. Hall Wednesday evening, May 23rd at eight o'clock to view a movie on "Mouth to Mouth Resuscitation". They gathered at the home of Mrs. John Kucharek afterward to sew cancer pads. Mrs. Clayton Hildebrand had put the pads together before the meeting and the girls finished them as their project for the evening. Eight members and one guest, Mrs. Milford Moggo were present.

Mrs. Warren Hatfield won the penny prize.

Tasty refreshments were served by the hostess.

It was decided that at the next meeting to be held at Mrs. Burton Rogers home on June 5th at 8:30 p. m. that more pads will be made.

As there is to be an election of officers at the next meeting, it is hoped all members will be present.

Mrs. John Wilcox reporting for Mrs. Clinton Bancroft.

AMERICAN College Notebook

More than a century and a quarter ago a runaway horse threw a Yankee preacher in North Carolina. Wake Chapel, the dominant building on the new \$20 million Wake Forest College campus, is named in the minister's honor.

For Wake Forest in particular, the college would provide necessary buildings at the new site. The annual grant was increased in 1955 to \$500,000. Ten years later, in 1965, the college made the historic, 110-mile move and is now firmly established in its new home. The Bowman Gray School of Medicine of the college had been moved to Winston-Salem in 1941 when it received the resources of the Bowman Gray Foundation.

Summer school opened on the new campus on June 18, 1956, the fall term on September 11 and formal dedication exercises were held on October 18. The old campus and buildings at Wake Forest were sold to the Southern Baptist Convention for use of the Southern Baptist Theological Seminary which now occupies the campus. Enrollment the 1960-61 year reached a record 2,604. An evening class program was started in 1957 to meet a steadily increasing demand from residents in the immediate area. R. J. Reynolds Tobacco Company made the program possible with a \$45,000 grant.

School Board Minutes

May 14, 1962

Regular meeting of the trustees of Grayling School District No. 1 was called to order at 8:00 p. m. in the Board Room by President B. E. Henig.

Present: Trustees James Baker, Dr. B. E. Henig, Jerome Kessler, Bill Joseph, LeRoy Millikin, and Eva Strong, and Supt. Joseph Stipe. Absent: Trustee Melvin Newman.

The minutes of the last regular meeting held on April 9, 1962, were read and approved.

A short discussion was held on the financial condition of the district and the treasurer and superintendent reported that the balance in the General Fund amounted to \$8,442.32, and in the Debt Retirement Fund, \$725.95, as of April 30. The auditor and secretary reported that the following Certificate of Deposit had been purchased from the Grayling State Bank on April 13, 1962, with funds from the Debt Retirement Fund:

- Certificate of Deposit No. 854, interest at 4%, \$2,000.00.
- Certificate of Deposit No. 855, interest at 4%, \$2,000.00.
- Certificate of Deposit No. 856, interest at 4%, \$2,000.00.
- Certificate of Deposit No. 857, interest at 4%, \$2,000.00.
- (Above paying interest only if held for one year)
- Certificate of Deposit No. 858, interest at 3%, \$2,000.00.
- Certificate of Deposit No. 859, interest at 3%, \$2,000.00.
- Certificate of Deposit No. 860, interest at 3%, \$2,000.00.
- Certificate of Deposit No. 861, interest at 3%, \$2,000.00.

Mr. Stipe advised the trustees that unless further state aid checks are forthcoming, we will be unable to meet our obligations, and it was moved by Baker and supported by Kessler that the district be authorized to borrow up to \$10,000, if needed, during the month of May or June. Motion carried.

Moved by Kessler and supported by Strong that the policy of this board in regard to Driver Education Classes, permit only the acceptance of resident students, regular school year tuition students, and non-resident students whose parents own taxable property in our school district. Motion carried.

Discussion was held on Television Education Courses for next year, and Mr. Stipe enumerated the classes to be taught, costs, etc. A number of problems, such as class rooms, scheduling, fees, etc. must be worked out by next fall. The members of the board expressed a strong desire to have all teachers of such classes attend the three day Television Education workshop in Mt. Pleasant, on August 6, 7, and 8, 1962.

On motion by Henig, supported by Millikin, and unanimously approved, the following policy was adopted: MATERNITY LEAVE OF ABSENCE. All teaching personnel must file a request for leave within two months after pregnancy has been determined. Maternity leave may be granted for one year to regular employees, subject to renewal at the will of the Board of Education. Doctor's certificate of pregnancy must accompany written request. This certificate should include the expected date of confinement, leave of termination of employment shall begin not later than the close of the fifth month of pregnancy. No salary increment is recognized during the period of maternity leave. For reinstatement a physical examination is again required. Sick leave pay will not apply for maternity leave.

Mr. Stipe informed the trustees that the district is now sponsoring a golf team through the fine cooperation of the Grayling Country Club.

Mr. Stipe stated that he had hired Miss Delores Dixon for part time clerical help.

A lengthy discussion was held on need for obtaining more teachers for the coming school year. James Baker was appointed a committee of one to obtain deeds

Junior Fire Dept. News

A Mother and Daughter Banquet was sponsored by the Junior Fire Dept., Tuesday evening at the Frederic Town Hall. 140 others and daughters enjoyed a delicious dinner served by the men of the department.

Miss Margaret Madill opened the program with a piano selection. Mrs. Ruth Papenfus sang "Mother and Daughter." A toast to the mothers was given by Marjorie Kaiser. Mrs. John Martin then gave a toast to the daughters.

Rev. Ernest Lantz of the Frederic Baptist church was the speaker for the evening. His address to the mothers and daughters was very inspiring.

Potted plants were presented to

Mrs. James Tobin as the oldest mother, Mrs. John Mertens as the youngest mother and to Mrs. Carl Partello for the mother with the most daughters present.

Rev. Ernest Lantz gave the Benediction. The program was closed as Miss Margaret Madill played "Goodnight Ladies", accompanied by Miss Ruth Papenfus.

Work is still progressing on the Fire Hall. The blocks are now up to window level. Five windows were placed in the hall this week. We could use some more help with the building. Anyone wishing to help, please contact Fire Chief Arthur Mayer or Asst. Fire Chief Alan Leng. We would like to have crews for both Saturday and Sunday.

Another tank is being installed in the fire truck. Also more work is being done on the pumps.

The water storage tank for the Fire Hall is being readied. It was painted by a crew that worked Saturday at the Bump Shop of the Frederic Auto Co.

The Ladies Auxiliary of the Volunteer Fire Dept., are busy preparing for the Fish Fry to be held at the Frederic Inn, Friday evening from 5 p. m. to 9 p. m. Donations are \$1.25 and 75 cents.

The Auxiliary is collecting clothing to be kept in store in case of an emergency. We will have clothing on hand. Also at each meeting the members bring one can of canned goods to be stored for the same purpose.

Everyone is welcome to join. The Auxiliary meets every Tuesday evening at 8:00 p. m. at the Frederic Fire Hall.

Mr. and Mrs. Stanley Chappel of Oxford spent the weekend at the Leo Morency home, coming to attend the Alumni banquet at the high school.

Mr. and Mrs. Charles Wylie and children of Lansing visited his mother, Mrs. Floyd Goshorn, over the weekend, and attended the Alumni banquet.

Mrs. Mae Schultheiss of St. Louis visited her daughter and family, the Ward Ellisons, over the weekend and holiday.

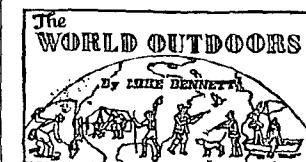

Mr. and Mrs. Edward Martin and family of Lansing came to attend the Alumni banquet Saturday evening and visit their parents, the T. P. Petersens and the J. L. Martins, over the weekend.

Among those here for the Saturday reunion at the high school were Mr. and Mrs. Peter Glanz of Mio, Mrs. Augusta Walt of Detroit, and Ransome Burgess of Beaverton.

Mr. A. L. Roberts returned last week on Tuesday after spending two and one half weeks in the U. P. and Wisconsin on an inspection trip. Mrs. Roberts visited her mother, Mrs. Elva Barrie, at East Jordan, during that time. Mr. and Mrs. Roberts were in East Jordan again Friday to visit Mrs. Barrie. Saturday and Sunday their daughter and husband, Mr. and Mrs. Clifton Harvey of Flint visited them here.

The John Owens family of Midland visited their sister and family, Mr. and Mrs. Jack Trudgeon and children, the weekend of May 19th.

Charles Vajda is doing the electrical work on a Methodist school being built at Newberry, and is there a few days during the week.

WHILE it goes without saying that we must have continuing fish and wildlife management programs to insure hunting and fishing tomorrow, more often than not nature's way is best.

Wildlife populations always seem to do well in remote areas where man's modern influence has not been extended. Trouble comes when man begins to compete with the animals for living space. He cuts down the woodlands, destroys cover crops, fills in the marshes. He compresses wildlife populations into smaller areas and then compounds the problem by becoming a hunter.

It then becomes necessary to establish laws, to regulate bag limits, to set aside certain areas as a "refuge" for wildlife, and to return hatchery-raised stock to wildlife areas where the original stock has been depleted.

Nature's way was better. There was a balance between all living things. If one species became overabundant, it was only a matter of time till nature found some way to correct the situation, or to make adjustments for it.

Predators—on land, in the air and in the waters—are much maligned, but such is nature's way of destroying the weak and the diseased, the crippled or the helpless. In some instances, predators exercise control over a certain species. Hawks and owls prey on mice and certain rodents. Destroy these birds and soon the rodents would infest the land to a devastating degree.

So, let us be thankful that we have some areas in this country which are set aside, preserved, so to speak, "in the natural state." This year, when you take your vacation, visit one of your state or national parks and discover how things can be when nature has her way.

Former Resident Dies In Traverse City

Mrs. Edith M. Bradley, 74-year old one-time Grayling resident, died suddenly at the home of her daughter, Helen, in Traverse City on Thursday, May 24th.

Mrs. Bradley, widow of the late Judson E. Bradley who was school superintendent many years ago, retired in 1958 as an officer of Bay County's retirement system and moved to her daughter's home.

Born in Pionnocking May 7, 1888, Mrs. Bradley was the daughter of Mr. and Mrs. L. H. Chamberlain. Mr. Chamberlain was Michigan Central yardmaster in Grayling for many years. Mrs. Bradley had made her home in Bay City for about 25 years before retiring. She was in charge of gasoline and tire rationing in Bay County in World War II. Surviving besides her daughter are a brother, Gordon A. Chamberlain, of Ft. Lauderdale, Fla.; a sister, Mrs. George H. Willis, Huntington Woods; a niece, Mrs. Barbara Wahlstrom of Ft. Lauderdale, and a nephew, Leslie M. Willis, of Jackson.

Funeral services were to be held last Saturday in Traverse City.

Social Security Benefits Climb 21% In County

Old-age, survivors, and disability insurance benefits are becoming increasingly important as a community resource, according to B. O. Wiles, District Manager of the Social Security Administration. \$39,897 is paid monthly in social security benefits in Crawford County.

security benefits in Crawford County. This is an increase of about 21 per cent over last year's figures. While the benefits are intended primarily for the beneficiaries' economic security, they help business in the community generally. Most of the money is spent immediately for food, clothing, and other necessities.

At the present time, social security benefits are being paid at a rate of over one billion dollars a month. There are several reasons for the increase, Wiles said. There are more aged people; benefits are now payable at age 62; and less social security credit is

FOR AND ABOUT TEENAGERS

Do Parents Teach Children Enough?

THE WEEK'S LETTER: "Why don't parents teach teenagers some of the things I read in your column? For example, the article about what girls would do about 'bothersome' boys was quite interesting. Teenagers aren't allowed to drink beer (in this State, they must be 21)—but are permitted to become parents at 16. Why?"

OUR REPLY: Most parents do teach their children the things they should know. Some do not do it effectively, or thoroughly.

Often, there is difficulty because of what we might term "poor communications." Teenagers don't take problems to their parents the way they should; parents are not always ready to listen. They say, "See me later" or "We'll talk about it tomorrow"—and that's the end of it. There are a few parents who just don't want to be bothered. They are concerned with their own activities and don't have time to worry about their children. The kids can date all they want; stay

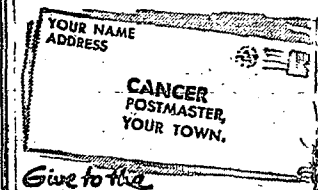

out late; ignore studies; bring home poor grades—so long as they do nothing to inconvenience their parents or put them in an uncomfortable position. This situation is prevalent in "broken homes" where there is but one parent, because of the tragedy of death or the tragedy of divorce. Parents who exercise no control over their children make it extremely difficult for parents who are trying to raise their children properly. How many times do parents hear something like this? "Well, Susie's folks let her date every night and she's not even sixteen!"

Every State has a law which sets a minimum age requirement for the purchase of any kind of alcoholic beverages. But a law is not enough in itself. Our bet is that you personally know teenagers who drink beer despite the law. They were not taught proper respect for this particular law... or made to understand it is wrong for children to drink at all.

If you have a teenage problem you want to discuss, or an observation you want to make, write to: **FOR AND ABOUT TEENAGERS, NATIONAL YOUTH COUNCIL, 1000 NEW YORK AVENUE, NEW YORK, N.Y. 10022.**

It happened 100 YEARS ago

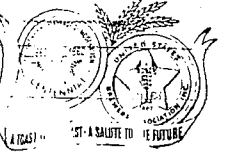

The oldest incorporated trade association in the country, the United States Brewer's Association, was organized in 1862... the same year!

IN MICHIGAN, the new mines in the southwest corner of the state were supplying the Union with desperately needed iron ore. And all over Michigan, beer was supplying folks with sparkling refreshment.

For then as now, beer was the traditional beverage of moderation—light, sparkling refreshment that adds a touch of hospitality to any occasion. Folks in Michigan have always enjoyed the good fellowship that goes with every glass.

TODAY, in this Centennial year, the United States Brewer's Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

THE PROPOSED NEW STATE CONSTITUTION IS BASIC DOCUMENT

"A Constitution should be a conservative document, which provides only the basic framework for laws to originate from," Hutchinson said.

Democratic attempts on the final day of the Convention to change the most controversial sections of the proposed Constitution failed.

They said the document which was prepared did not accomplish Constitutional revision as the people wanted it.

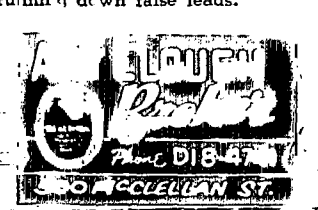

Republicans, however, viewed the Constitution which will be presented to the people as a "true

compromise." One GOP delegate said Democratic members of the Convention had achieved adoption of more changes than he had.

Leaders of the Convention on both sides admit the proposed Constitution will not please everyone. "Everyone can find something to object to in the new Constitution," said President Stephen S. Nisbet-Fremont. "That isn't the point, however. The point is to explain the improvements, and there have been many."

Republican Vice President George Romney, R-Bloomfield Hills, was joined by Democratic delegate Mrs. Edward Cushman, Dearborn, in supporting the "compromise."

"The question is not whether this is the best document Michigan could ever achieve some time in the future, but whether it is an improvement over the present Constitution. And it is," she said.

A strong civil rights section, changes in the judicial system to include an intermediate Court of Appeals, and continuation of several earmarked funds for government operations, were lauded by members of both parties in varying degrees.

Although most Democratic delegates said they would not help "sell" the document to the people, GOP members said this position was contradictory to the Democrats' position in attempting the last-minute substitutes.

"Even with this final attempt to change our document, the Democrats proposed to change only a small percentage of the decisions and modify a few more," said Delegate D. Hale Brake, R-Stanton. "This indicates to me that the document is a good one, even though I don't agree with each and every section we have written."

A TAX STALEMATE in the Legislature again this year brings to the minds of many one question: "Why didn't the Constitutional Convention solve the tax problems?"

This points up a little-known fact of state government. A Constitution does not spell out tax solutions. Michigan's Constitution, in fact, has little to do with the

tax problems faced by the state in recent years.

The proposed Constitution prepared by the Convention would prohibit a graduated income tax, but leaves the tax field generally open for exploitation by the Legislature. This is a function of the Legislature, to provide taxes to meet expenditures.

The taxation stalemate, then, hinges on the opposing philosophies of how to collect public monies.

One side says Michigan should change its present forms and follow the trend of an increasing number of states; should impose an income tax on individuals and corporations.

The other side contends that inequities in present tax programs are keeping the state from getting the revenue which could be derived under the present forms; sales and use taxes on presently exempt items; that income tax is burdensome to compute and an invitation to heavier taxation.

Proponents of the income tax program respond that expansion of some present taxes, the so-called "nuisance" levies, would be needed for at least a year until the income tax became fully effective.

Solution of budget and tax problems could be put off until late this year, even after the November election, because of an extension of the Legislature session to an unnamed date.

The likelihood of a long delay on agreement between the two forces is slight, however. As one lawmaker, who hopes to be re-elected, puts it: "If we stall on this long enough, we won't have the chance to worry about Michigan's problems next year. The voters will decide the future for us."

MICHIGAN'S FREEWAY SYSTEM will soon get a new service feature to help and protect motorists, State Police Commissioner Joseph A. Childs reports. A 24-hour patrol force will be assigned to some 650 miles of limited-access routes throughout the state to provide a crime preventive, traffic supervision and general assistance.

Patrols on the freeways will be spaced to pass any given point within two-hour intervals. They will use both the access routes and crossovers on the medians.

This will enable the State Police to provide relatively quick assistance to stranded or ill motorists, as well as keep an eye out for criminal elements which might like to take advantage of stranded motorists or use the rapid routes for escape from local authorities.

The High Cost Of Poor Service

Good mechanic, like a good doctor, must primarily be an expert at diagnosis. Once he has pinpointed the exact cause of trouble, the remedy is usually routine.

Not only does trial and error guesswork delay the repair of a customer's car, causing him unnecessary inconvenience, but it is also hard on his pocketbook, since he is essentially paying for an incompetent mechanic's education.

How expensive this can be was realized recently by the owner of an expensive, luxury model car we came across. Only 18 months old, the car was burning oil after 38,000 miles, a quart every 150 to 200 miles.

The owner took his problems to two garages that told him his engine would require require replacements of rings and valves. Fortunately, he decided to check with an ignition expert, who quickly put his finger on a faulty fuel pump vacuum that had been sucking oil into his carburetor. - He thereby avoided a needless repair bill of two or three hundred dollars.

While most cases of inaccurate automobile failure diagnosis are not so obvious, examples of unnecessary work performed and wasted time and money are commonplace.

The best place to look for properly trained mechanics is in the service department of a franchised dealer. At Welch Motor Sales, all service work, except in unusual circumstances, is flat-rated at factory minimums for a Grade A mechanic. And our licensed experts take portable factory testoscopes, with the most advanced equipment. Their experience a collective total of 125 years. Is your assurance of quality service work.

More Working Women In Crawford Co.

(Special to The Avalanche)

NEW YORK, May 25—Women at work is the order of the day in Crawford County.

In ever-growing numbers, women are finding it possible to fulfill their home responsibilities and still have enough free time to take jobs in industry.

As a result, they are to be found working in offices, in stores, in factories, and in the professional fields in greater numbers each year.

Latest Government reports show that 38.6 per cent of Crawford County's female population, age 14 or over, are holding down jobs outside the home.

Compared with the proportion of working women elsewhere in the United States, 34.5 per cent, the Crawford County figure is higher, also than that of the State of Michigan, 32.7 per cent.

"The extent of the mass movement of women from the home to the job market, and the surge in that direction in recent years is brought out in nationwide statistics released by the Department of Labor and by the Census Bureau, based on its 1960 comparisons.

They show a total of 634 women in the Crawford County labor force out of an overall female population, age 14 and over, of 1,914. The ratio is well over that shown in previous surveys.

Most of the rise is attributed to married women, who have entered the job market in great numbers. Currently, one-third of all married women hold jobs as compared with one-fourth in 1950. Some 13 million of them are now in a labor force.

Today, states the Bureau of Labor Statistics, a large proportion of families with above-average incomes owe their position in a small part to the wife's earnings.

What led to this social revolution on the part of married women? Many housewives found that had time on their hands after the war, they figured, could be put to profitable use.

For others, the added income was a matter of necessity, for the husband's earnings were not enough for the family's needs and for the education of the children.

The official count shows that Crawford County's female labor force is 32.7 per cent, and for the State of Michigan, 30.3 per cent.
